## Customer Reviews

In this revised volume, Marcus's intelligent guide to what it means to be gay and lesbian remains an indispensable introduction to an occasionally thorny subject. Though much of the material here will be familiar to readers of the 2007 edition, there is enough new content to warrant purchase of this updated version. As before, the material is divided topically; for example, Friends and Family, Sex, School, and so on. And the thoughtful answers to many of the questions (e.g., How do people react when they find out a friend is gay?; My two moms had a commitment ceremony. Is that the same thing as getting married?) are enriched by the inclusion of anecdotal material derived from his own experience or from interviews with teens and caring adults. In addition

to new material about transgender people, gay marriage, religion, and education, the chapter on resources has been substantially updated and expanded. Whether old or new, the content of Marcus' Q&A guide remains lucid, fair, and laudably commonsensical. Grades 7-12.
