## Customer Reviews

The experts at The Princeton Review have been helping students, parents, and educators achieve the best results at every stage of the education process since 1981. The Princeton Review has helped millions succeed on standardized tests, and provides expert advice and instruction to help parents, teachers, students, and schools navigate the complexities of school admission. In addition to classroom courses in over 40 states and 20 countries, The Princeton Review also offers online and school-based courses, one-to-one and small-group tutoring as well as online services in both admission counseling and academic homework help.

Extraordinary insights. This one book is, in my opinion, all that you need to do well Above all, use their techniques, I am using it to coach my grandson -- it is a real confidence builder

More examples were needed in the book. Also, after purchase it would be nice if it could be available to me in pdf format instead of kindle only.

Item was as described and received before expected date.
