Customer Reviews

Surprisingly cute.

I enjoyed this and thought this little guy seems to act a lot like some other very young kids . This not only has some lovely illustrations but also made her printed font a nice size and easy to be read by

anyone thus I wish to recommend this for five stars and especially for the younger and some others who get a kick out of this bird always getting him or herself in trouble often. I received this ebook for free and in return, here is my honest review. Super job V.! By Angela

My 5 yr old daughter loves this character and it has her sight words too. We started with Go to Bed books and some how ended reading from this author now she can't get enough. Any book that makes a child want to listen and read with all the technology available today is a great achievement.

Daughter enjoys, but the bird is too rude and gets his way when throwing a fit. Pictures are great and lo likes to answer his questions.

Love V. Mona's books, my grandson gets so tickled. This one was a little slower paced than the others. Still worth reading.
