A Gentleman's Guide To The Philippines

Synopsis

I was living the normal American dream when an earthquake, divorce, turned the dream into a nightmare. Trying to wake from this bad dream took time, determination, allot of experimenting and some luck. After a couple of years filling my time by drinking and chasing women, I was introduced to the game of Texas Holdem. Never having gambled a day in my life, I spent the next few years learning how to make money as a gambler and traveling the US doing so. In and out of casinos, dark rooms behind bars and literally underground in a basement was the scene where most of my waking hours were spent. My passion for the game was only succeeded by my passion for beautiful women. With cash in hand now was the time to take my passion for my newest business venture abroad and some interesting places it certainly took me. Having honed my skills of seduction and my passion not waning at all, I make a stop in the Philippine Islands to meet the Asian Goddesses men dream of, and what a stop it turned out to be! There was no time for gambling with the lovely ladies of the Islands keeping me distracted day and night. Join me, a man resurrected from the rubble of a shattered life, on a journey that most men only dream about.

Customer Reviews

Let me first say I have known the author for years. He is one of the most interesting men I have ever met. He has shared many travel stories with me over the years and I could not wait to read this book. I was certainly not disappointed and could hardly put it down. Of course I am partial but I can vouch for the accuracy of his adventures as I know he does not exaggerate because he does not need to. If you are interested in this topic you will enjoy the book.

Enjoy reading and used as a preparation guide my only concern is what about the thievery? How much money did he take in total and can you trust using your credit card at the hotel?

Entertaining book. Especially helpful if you have never been to the Philippines. I have been to Angeles City before and it seems that the author has as well. If going to the Philippines for the purpose of meeting women you will enjoy the book. There is also some useful travel advice not pertaining to women.

As someone who has been spending time in the Philippines for years, I can attest to the author's story! It REALLY is Disneyland for men ;)

Good advice, and very helpful.
