# Pablo Escobar: Beyond Narcos (War On Drugs Book 1)

## Synopsis

The mind-blowing true story of Pablo Escobar and the Medellín Cartel beyond their portrayal on Netflix. Colombian drug lord Pablo Escobar was a devoted family man and a psychopathic killer; a terrible enemy, yet a wonderful friend. While donating millions to the poor, he bombed and tortured his enemies - some had their eyeballs removed with hot spoons. Through ruthless cunning and America's insatiable appetite for cocaine, he became a multi-billionaire, who lived in a \$100-million house with its own zoo. PABLO ESCOBAR: BEYOND NARCOS demolishes the standard good versus evil telling of Pablo's story. The authorities were not hunting Pablo down to stop his cocaine business. They were taking over it. Shaun Attwood's WAR ON DRUGS SERIES - PABLO ESCOBAR, AMERICAN MADE, WE ARE BEING LIED TO and THE CALI CARTEL - are harrowing, action-packed and interlinked true stories that demonstrate the devastating consequences of drug prohibition. Shaun Attwood is a London-based best-selling author with 100,000 copies sold.

## Customer Reviews

Very well researched and written. Once I picked it up I couldn't put the book away. I Finished the book in one sitting. I Highly recommend this to anyone who is a Escobar fan. Definitely not like the same ol' Escobar book that I've previously encountered.

Title: Exposes The Failure Of The War On DrugsIf you think that drug laws work, this book might change your mind. Drug laws created the black market that Pablo Escobar profited from. Then George HW Bush spent \$100's of millions of taxpayers money hunting Pablo down military style. The end result after Pablo's demise: the cocaine entering America increased.A gripping highly recommended read!

I didn't know much of anything about Pablo Escobar when I purchased this book, yet by the time I finished this book I felt I knew him personally. The author, Shaun Attwood, does a fantastic job of showcasing Escobar as a human being, yet one who did monstrous things. A highly recommended read!

as described would do business again.

Thoroughly enjoyed the book. Attwood details Escobar as a ruthless mafioso as well as a dignified family man and hero of the poor. In this account no one is portrayed as righteous from US government, Columbian government to the drug cartels . Seems to be well researched. Think I'll order American Made next.

Good book...it was pretty accurate i had recently watched narcos so was able to bring all the characters to life. Also watched a documentry and I was surprised how accurate the book was....I will definetly read more of this authors books.

I enjoyed reading this. Very interesting and informative book. I recommend it and will likely read other books on this subject and other non-fiction works by Shaun Attwood. His writing style is exciting and kept me interested throughout this book.

I give this book a high rating because it is very well written, has an easy flow and sticks to the point. Fascinating and frightening to discover how those who lead our countries lie and manipulate, though not surprising, the scale is mind blowing.
