## Customer Reviews

Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

I'm not a beginner, but a lazy pro. This book is fantastic for me. It has a lot of great songs in it, I've been playing for about 30 years, however, I don't read music only very slow. I perform at assistant living homes on keyboard. So anytime I can take an easy song make it sound fantastic, the folks love it and I can still make a buck, it's all win win.

The one hundred songs' arrangements are easy for beginners to learn to play.

Great fake book, tons of songs and easy to follow.

might all be 3 chord songs, but not always all the easy chords, but overall, very well put together

good book and comany

easy to use

What a great book for a beginner. Only 3 chords for any c tuned instrument. Gives a beginner a sense of becoming a real musician. You can finally play songs you like rather than the ones contained in all those lesson books!

Book wasn't what I thought it would be. Book wasn't designed for a beginner. These fake books are designed for music note reading musicians. Don't be deceived by the title
