Wreb: The Ultimate Study Guide For Conquering The Periodontal Assessment/Diagnosis And Prosthodontics Computer Simulation Exam

Synopsis

This invaluable study guide covers all of the critical, bottom line information necessary to pass the WREB Periodontal Assessment/Diagnosis & Prosthodontic computer simulation exam. This guide was written for WREB examinees by successful WREB examinees, and contains all of the important information required to assess the periodontal cases and questions, and identify the correct answers when manipulating the exam's three-dimensional prosthodontic images. With this guide, there is no need to spend your precious time searching through old class notes, exams, and textbooks because Dental Board Busters has already done it for you!

Customer Reviews

It was a good reference book for WREB, but after having taken the WREB, I feel like studying the actual WREB manual thoroughly only would be more than enough. The manual is what you want to really learn/memorize.

Its a comical name for a book which is half as good as the Mosby's Review of NBDE part II....waste of money I would say

Passed the computer portion with a 85% with this study guide. Studied for about 3 weeks with it. It was delivered on time with no problem

Fast shipping and just like the description

I thought the book was useful in reviewing the important aspects of perio and prost. It was an easy and fast read.

this price is valuable. Absolutely beautiful, elegant product that works wonderfully. My favorite kitchen utensil by far! great and good experience. good product with high quality. my students like it
