I just received this book and like many others, I too believed it came with the starter crystals. I am a bit disappointed, but am still going to see what insight the book has to offer. May want to change up description/images.

Thought there was crystals included? After seeing some people did get them and I didn't I'm not pleased with this order.

Another great crystal healing book by Judy Hall. I have them all now. Definitely clear and informative. Lots of information in a small condensed book. Definitely recommended

Description leads you to believe this book comes with 12 specially selected healing crystals. Not the case. The book, however, is nice smaller size and colorful, I look forward to reading it.

A great book for crystal lovers.
