# God Loves Me More Than That (Dandelion Rhymes)

## Synopsis

How much love does God have for me? More than the letters between A and Z. More than the bumbles in a bumble bee. God loves me more than that! As your child revels in each lively rhyme and engaging illustration from this delightful picture book, they'll learn that God loves them deeper than a wishing well, wider than a semi-truck, louder than thunder, and softer than a kitten's sneeze. Each question, presented with charming child-like faith will help your child grasp the great love of God through comparisons and descriptions they can easily understand. In short, they'll discover that His love is bigger, wider, higher, and deeper than anything they could imagine!

## Customer Reviews

Dandi Daley Mackall has published more than 400 books for children and adults, with more than 3 million combined copies sold. She is the author of WaterBrook's two other delightful Dandilion Rhymes books, *A Gaggle of Geese* & *A Clutter of Cats* and *The Blanket Show*. A popular keynote speaker at conferences and Young Author events, Mackall lives in rural Ohio with her husband, three children, and a menagerie of horses, dogs, and cats. David Hohn is an award-winning illustrator who graduated with honors from the Maryland Institute College of Art. He

has worked as both a staff artist and an art director for a children's software company in Portland, Oregon, a position which led to his art directing an award-winning project for Fisher-Price. Hohn's recent projects include Lisa Tawn Bergren's God Gave Us Christmas.

I bought this gift for a friend's baby shower, as it was on her registry. The book is beautiful. It has thicker paper pages, which seem like they would hold up better as the baby grows old enough to turn the pages. They seem much less likely to rip than regular paper pages in children's books. I am confident my 3 year old would have a harder time accidentally ripping these pages while flipping through it than the thin pages in some of his books. Though, purposeful rips would still occur, I'm sure. The pictures in this book are very colorful and beautiful. The lines rhyme. It is well written and has lots of exciting different images. I want to buy one for my own son because I think he would love it too. Plus, it has a great message. A lot of religious books for kids I've read are either too simple to where kids would lose interest, or overly wordy to where kids don't really understand. This book seems just right for babies, toddlers, and pre-schoolers.

As a grandma, I'm always looking for a new book for my grandchildren! This will be delightful!

This book was a delight for my 2 year old from the first page. The illustrations are just beautiful and bold and draw his attention. The poetry is fluid and unassuming. This will be a longstanding favorite for our family.

Great for my 3 year old. Love the book and the lesson of just how much God loves us.

great

I saw this book on the website while looking for something to get for my niece for her baptism. I saw this and immediately loved the premise of the book. When it arrived, I was even more thrilled with it. It is such a cute book, both in the writing and the illustrations. The point of the story is well written for kids to show them that God will always love them. Perfect gift for a baptism, etc.

Great book for little ones

I had no idea what my 2 year old son would think. Luckily, he likes it! We have read it a few times

already and I am very delighted that it is a success. I love the illustrations of the book and how it uses scenes from all over-on the road with a semi truck, cowboy in a prairie, etc.
