Clear information design allows users to read the map from three feet away and has earned VanDam maps a place in the MoMA Collection. Paris StreetSmart includes a stunning dimensional detail of Champs des Élysées, Bois de Boulogne, Montmartre, Montparnasse, La Défense, and Cimetière du Père-Lachaise. This new edition also includes a map of greater Paris as well as the Paris Metro System. Simplicity reigns supreme in information design to make complex cities clear and understandable. Our typography creates character and reveals the true bones of the city. VanDam uses a letter grid to identify locations on maps - no confusing and cluttering K-28 or V-34s - its just the city from A-Z. Our covers map the icons of each city and turn them into collectible graphic art. Each sleek and laminated city map package opens to 32" x 9" and then easily folds down to 4" x 9" to snugly fit into a shirt pocket or purse. a clear, concise and informative map. Not only gets you from place to place, but helps you how to PLAN your moves from place to place. It's a truly 'smart' map because it's compiled by someone who not only knows Paris but also knows maps.

The Van Dam maps are all easy to use. This new Paris map creates a visual landscape that gives a great sense of the Hausmann vision which planned the city!

Bring out your magnifying glass if you expect to make use of this map. Other maps of the same scale seem clearer.

These maps are the best

Looking for a durable, practical street map of Paris? This one is great. It offers a slightly different perspective from others and proved invaluable for details others lacked. Each of our four travelers carried a different map to offer our group a selection of information, and this one was a heavy hitter. It earned a permanent place in the suitcase.

Does not cover a big enough area. Not a "Pocket" map, it's more like a Butt Pack Map.--4" X 9" (10.2 cm X 23 cm)I will use it, but will look for a better one.Mauser

Wow, Van Dam did it again..We have used some of their maps before and were impressed... This is a terrific comprehensive map of a favorite city ,Paris... We know Paris pretty well and somehow Van Dam maps managed to get all favorite buildings and parks on the highly legible map..Now, we only need our favorite restaurants!!! . While cell phones provide directions, the format of the cell phone

does not suit someone intent on thoroughly visiting the city of Lights...The Paris map is highly legible, very convenient to handle and the addition of the metro/bus system map invaluable, particularly when you go on those discovery trips and need a quick reference...So impressed that we are buying this map for some of our Parisian friends as well...

The VAN DAM PARIS map is an amazing companion for touring and navigating the streets, the metros, and arrondissements of this magical labyrinth of a city. A must have!The PARIS map gives an overview of the entirety and complexity of this city which is something that the small screen of a smartphone just cant do. There is nothing that compares to seeing ones proposed route in your hands . . from A to B through the crooked short multi angle streets layed out before you on this unique fold out map. With all the highlights, landmarks, and parks identified - - you can enjoy the adventurous route visualized before you on your VAN DAM map! 5 stars !
