Monsters On The Run (The Yeti Files #2)

Synopsis

Blizz Richards and his band of wacky cryptids are back for another illustrated adventure! Everyone thinks the Loch Ness monster is one-of-a-kind. But that just means Nessie's lonely. And only yeti Blizz Richards and his team of cryptozoologists can help her find a friend just like her. With a little help from a time-traveling leprechaun, the gang travels back 65 million years to the age of dinosaurs to begin the search. But they aren't ready for the dangers that wait for them: monstrously mean dinos. Giants with razor-sharp teeth. Terrifyingly cute little kitties. Can Blizz keep his team safe, or will they have to sacrifice everything to help Nessie find a friend?

Customer Reviews

Praise for The Yeti Files #1: Meet the Bigfeet: "Fans of the 'Bad Kitty' and 'Captain Underpants' titles will certainly love the first in this series of illustrated chapter books." -- School Library

Journal "Illustrator Sherry's first volume in the Yeti Files is a fast and funny graphic-prose tale full of labeled pictures and comic-style panels." -- Kirkus Reviews "[Sherry's] characters...have all the googly-eyed charm that makes his picture books so much fun." -- Publishers Weekly "This fast-paced and funny tale is told in comics-style panels and labeled black-and-white illustrations of

goofy monsters and cartoonish villains. Good stuff for readers beginning to move into chapter books." -- Booklist "Charming characters, hilarious illustrations, and a big bunch of fun!" -- Dav Pilkey, creator of Captain Underpants

Kevin Sherry is the author and illustrator of many children's picture books, most notably I'M THE BIGGEST THING IN THE OCEAN, which received starred reviews in PUBLISHERS WEEKLY and KIRKUS, and won an original artwork award from the Society of Illustrators. He's a man of many interests: a chef, an avid cyclist, the founder of online screen-printing company Squidfire, and a performer of hilarious puppet shows for kids and adults. Kevin lives in Baltimore, Maryland.

Just a warning: if you buy a copy don't leave it laying around or every kid under the age of 55 will be fighting over this book. The humor is spot on for elementary school kids. Boys and girls alike flip over it. Great for reluctant readers or beginning readers (depending on age of introduction). We just stocked the school library with 5 copies. Let's see if we can keep one on the shelf. Eagerly awaiting book #3.

My son loves this series. He can't wait for there to be more in the series. He's a big fan of Captain Underpants, Diary of a Wimpy Kid, etc., so, if your kid is a fan of those, he/she will probably like this series.

This is a cute book that my son enjoyed but for \$8 it didn't take very long to read (my 3rd grader read it in under 30 min). If I had known that I probably would have encouraged him to get a more entertaining/challenging book and just gotten this at the library. My son did enjoy it though which is why I gave it 3 stars.

Great kids series. My 7 year old loves these

The book might be good, but I won't know. The above info says that it is compatible with the regular old kindle, but it is not. It appears to only be compatible with tablets, not with the e-reader. I even attempt to transfer using the USB and that didn't work either. I've returned it for a refund, but I'm really frustrated that the info on this page was not clear.

7 year old son loves this graphic novel series and is looking forward to future books by Kevin

Sherry. Very easy read but enjoyable.

The seven year old smoked through this in a sitting. Kept the TV off for a while and I heard some laughs from the reader. Mission accomplished.
