Bobby Ray [Grizzly Ridge 2] (Siren Publishing The Lynn Hagen ManLove Collection)

Synopsis

[Siren Publishing: The Lynn Hagen ManLove Collection: Erotic Alternative Paranormal Romance, shape-shifters, M/M, HEA] With trouble at home, Noel decides to take off for the weekend. With nothing more than his backpack, Noel hikes up into the mountains and comes across two grizzly bears. But they are no ordinary grizzlies--the bears shift into gorgeous men. But Noel has eyes for only one of them and gives into his desires when Bobby Ray seduces him right there on the path. Noel is enchanted with Bobby Ray, until he realizes this isn't some fantasy and he's stepped into some strange world fraught with danger. Bobby Ray claims Noel on the spot and takes him home. But life on the mountain isn't easy, and keeping Noel safe proves challenging, especially when it's Noel's brother who tries to kill Bobby Ray. Worse yet, there's a nomad on the loose, and tension rises between the bears and wolves. But Bobby Ray is determined to prove to Noel that their love for one another can pull them through anything standing in their way. ** A Siren Erotic Romance

Customer Reviews

This was great just as great as the first one and I totally can't wait to read the next one in the series

...

The second book in the Grizzly Ridge is meant to have many moments of levity, but surprisingly it was actually more violent than Book One. If you ever watched the TV series *OUTSIDERS* you'll have an idea of what I mean. The life on the mountains can be festive & fun or cruel & dangerous. But town life can be just as unhappy. Grizzly Ridge Humans have their own share of domestic / family issues. It's not a thriving community financially since the oil strike by the Rising ancestors dried up. Criminal activity and behaviors that hit larger cities are present in smaller communities including the presence of guns, gambling problems, and easy money through theft and robbery. The tendency of big brothers to smack around younger brothers is once again visited. The propensity of Grizzly Bear shifters to lose control of their Human side once their mate is scented and go in immediately for claiming bite, has been demonstrated, yet the Rising brothers are surprised when it happens. Lynn Hagen comes up with different locations for the Bear brothers to find their mates. This time it's in the woods. Despite how upset Noel is about his big brother, he doesn't want him hurt. In spite of how many times Noel is hurt by his own flesh and blood. He has a tendency to run away to escape when things get too crazy or stressful. A hike, a walk in the woods, a stroll in the mountains. Unfortunately those acts aren't as innocent as they seem. Lost on a hike Noel is told by a Human / Grizzly Bear that they are "mates". Trying to go warn / talk to someone - sneaking out to do it. Attempting to help his mate. All seem so innocuous, but they each have dire consequences. This book brings you more into the lives of the Rising brothers and the culture of the mountain shifters (townspeople & shifters). And it ain't all pretty. Sure there are babbling brooks, bunnies, and gorgeous foliage, but there are also killer Mountain Lions, a rogue Wolf shifter, Snow Leopards, Wolves, and of course Bears. Then there is the small town hospitality, but in it's underbelly there is complacency regarding the domestic abuse between brothers. These first two books highlight and contrast horrible & great relationships between brothers. How family is supposed to be accepting of each others foibles / idiosyncrasies, not malicious, vicious, & abusive. Brotherly love is a definite theme. And there is another mpreg & a cute Bear cub from the first brother & his mate named King. Hope you enjoyed it as much as I did.
