Garrett: A M/m BDSM Romance (Bound & Controlled Book 1)

Synopsis

Garrett was at his breaking point. There were only so many times in a week you should have to see someone you were attracted to and infatuated with but certainly didn't have a crush on. Doms didn't have those. Especially on a customer who probably wasn't even gay, much less a sub. Business 101 do not flirt with a client. Wyatt was losing his mind. Hiding his obsession was getting harder and harder. All he wanted to do was kneel in front of Garrett and call him Master. But the sexy insurance agent never seemed to see him. He only noticed the nervous, awkward insured who came in way too often. When the two men are missing what's right in front of their faces, it might take family stepping in to point out the obvious. That they were meant for each other.39k wordsStory Contains: M/m sexual content, BDSM elements, spanking, and orgasm denial.The Bound & Controlled series follows four brothers, who are each involved in the BDSM lifestyle in some way, as they look for love. Each book will feature a different brother but the books are best read in order. The books are not taboo in nature.Book 1: GarrettBook 2: Brent (July 2017)Book 3: Grant (August 2017)Book 4: Bryce (September 2017)

Customer Reviews

The blurb for this story caught my attention right away, so I took advantage of the preorder price and started reading it this morning as soon as it was released. I was not disappointed!!! Other than stopping for meals, I shamelessly neglected my family and any adulting I should have been doing until I finished the book. Garrett and Wyatt were a PERFECT fit for each other. Watching Wyatt's shy and awkward "stalking" of Garrett at the beginning was hysterical, and then when Garrett finally caught on, it was GAME TIME. I loved that Garrett was so aware of even the unvoiced needs Wyatt had - how wonderful, to think of someone paying so much attention to your body language that they pick up on things you can't find a way to express. I just LOVED these two together. I am THRILLED that there will be more in this series coming soon, because I can't wait to see what happens with the other characters!

I felt like this book started out really promising. Wyatt was pursuing Garrett in the only way he knew -- he was mostly subtle. Garrett finally takes notice and pursues Garrett as you would expect a dom to do. There was so much promise in the premise of this book. But we skipped over any 'getting to know you' segments of a story and went to insty-love. Now, I am not opposed to insty love. I just want to see a little more development of the characters. What I did notice, however, was Garrett's 3 brothers will each have their own story, and I plan to check those out. I usually like this author's writing (as this and M.A. Innes) and I want to see what happens with Wyatt's friend, too.

This is the very entertaining start to what looks to be a great series from Shaw Montgomery. Wyatt is a shy submissive builder of BDSM furniture, and Garrett is his Dominant insurance agent. They are adorable together, and I enjoyed every moment of them finding their way together. Garrett's family is fantastic, and I can't wait to read more about all of them. This book tells the beginning of the D/s relationship between Garrett and Wyatt, but I hope to see it grow as we're given the stories of Garrett's brothers. As with this author's other stories, I highly recommend this one.

Garrett and Wyatt were very hot together! My one issue with this story was that the declaration of love between Garrett and Wyatt didn't feel natural to me. I think that they were building a good foundation up that would lead to love, but I didn't feel that it was quite there yet. At first I was worried that this book was going to be too similar to the first book of Morticia Knight's Kiss Of Leather series, but I was very pleasantly surprised as the story progressed. I am excited to see the progression of this family as each brother finds his HEA.

It's been my experience that recently BDSM in books has been portrayed as something super extreme or not extreme enough (like light spanking) so I was hesitant to start this but I'm so glad I did. I feel as though the lifestyle is portrayed fairly accurate and both Garrett and Wyatt are a good Dom/Sub (respectively). Although there isn't much story line, I loved reading the interactions between the two men and how they settled into their relationship.

NSFW but perfect for reading alone or 'with a friend'. Lock the door, pour a glass of wine, wear comfortable clothing and you are ready to read about the perfect pairing of a dom with a sub when the attraction long precedes the awareness of roles. Who would think that the manager of an insurance company would have much in common with a customer, the cute but very nervous furniture maker? This unexpected relationship has the slowest of burns until conflagration! I thank my lucky stars to have 'found' this author as there isn't much more sizzling than the highly erotic gay romance scenarios offered by this master of the pen.

So, I absolutely love this author and she did not disappoint. I love that her books do not contain a lot of conflict and instead focus on the relationships between the characters. I feel there is enough conflict in life so I don't really care to read about it in the books (especially when it ALWAYS seems to be due to terrible communication) I use an escape from real life. These characters were sweet and I enjoyed their relationship. They seemed very suited for each other and there was a lot of communication which helped them along. I loved getting to meet the whole kinky family and am excited to read about them.

I love Shaw's books and I love BDSM so this one was very much a hit for me... Garrett the Dom and Wyatt the Sub were just perfect together.. The way Garrett calmed Wyatt... The way he called him 'Sweet' was beautiful... I love pet names and this one is a newer one..... Only complaint is that I really would have loved for it to be longer but damn for a short book it's hot x
